

LITERACY INTENSIVE 2023: LITERACY FOR ALL

The Literacy For All Intensive Course is a 5-day instructional course that covers theoretical and practical aspects of comprehensive literacy instruction for children and adults with disabilities, including complex communication needs. The course covers literacy teaching for both emergent and conventional readers and writers, assessment tools for a range of literacy learners and access to a number of practical resources through the course website.

The course includes:

- The rationale behind comprehensive literacy instruction, followed by an overview of Universal Design for Learning (UDL) and Augmentative and Alternative Communication (AAC)
- An in-depth dive into emergent literacy instruction for all students, with units on shared reading, emergent writing, self-selected reading, teaching letters and sounds and emergent assessment
- Further in-depth work around conventional literacy instruction, including comprehension instruction, independent reading, working with words and writing instruction
- The course finishes with a focus on assessment and planning
- Attending this course will give you a toolkit of strategies, activities and ideas to improve the literacy outcomes for ALL students.

The course is designed for anyone who wants to support one or more students with disabilities to improve their literacy skills, including teachers, leadership teams, therapists and parents.
